

Sarah Keith
5th Grade Teacher
Home Church: St. Ambrose Catholic Church / Calvary Baptist Church
Family: Married with twin daughters

Personal Testimony:

I grew up in a very loving Christian home. My parents set wonderful examples and high expectations for both my sister and I. The lifestyle and love my family provided led me to know God and helped encourage me to accept Jesus as my Savior.

My husband and I come from different religious backgrounds. Even though it was difficult in the beginning, God worked in our hearts, helped us overcome our differences, and brought us closer together. Praise, prayer, and patience has gotten us through some tough times. We both strongly believe though, with God, ANYTHING is possible!!!

Classroom Goals and Ideals:

My goal is to create a classroom environment inviting to the students and something they will be excited about. I *firmly* believe in engaged learning and feel it is the essential key to a successful classroom. I am not afraid to try new ideas and experiment with lessons in the classroom which helps open the door to diversity. I believe in differentiated learning and I am willing to do what it takes to ensure every one of my students walk out of my room with the best education possible and ready to tackle 6th grade.
